SMASH Solutions Expands Market Reach for Cost Effective SEO Solution for SMB Market

SMASH Solutions & 4th Dimension Marketing Announce OEM Partnership

SALT LAKE CITY, Utah -- September 10, 2015 SMASH Solutions, LLC and 4th Dimension Marketing, Inc. a Vancouver Canada based full service business marketing solutions firm, today announced the completion of a strategic OEM partnership agreement to market the SMASH Booster Bar Search Engine Optimization (SEO) product under the white label name of *SEO Rocket Bar* (seorocketbar.com).

"4th Dimension Marketing has been serving the Small to Medium Business (SMB) market for many years. Today our client 'footprint' has expanded to more than 25 countries with over 10,000 current clients. We are very excited to now include this unique *automated* 'Ninja' SEO tool in our suite of offerings. The *SEO Rocket Bar* is so cost effective and will deliver a great value to the SMB market that has been virtually neglected for so many years." said 4th Dimension Marketing CEO, Don Whitmore.

4th Dimension Marketing is a full service business marketing firm that currently provides SEO services, corporate video storyboarding and production, content creation, social media management and online advertising solutions. They anticipate launching the *SEO Rocket Bar* within the next 30 days.

Claude Walton, SMASH Chief Marketing Officer added, "I am really excited that a quality digital marketing firm, with the SEO expertise 4th Dimension Marketing possesses, will be marketing the SMASH Booster Bar technology to its customer base and new prospects both online and through direct sales across the Globe. This is further validation that this product offers a unique value to SMB's and warrants being introduced to a broader audience. This partnership further solidifies our mission of reaching and helping more companies compete effectively in an ever evolving digital world."

The announcement of the 4th Dimension Marketing partnership with SMASH is just one of many recent developments at SMASH Solutions.
